
Elevate is an executive access program that enables Executive to enhance strategic plans with data collected from OZZbox3, the future you see at OZZbox3.com

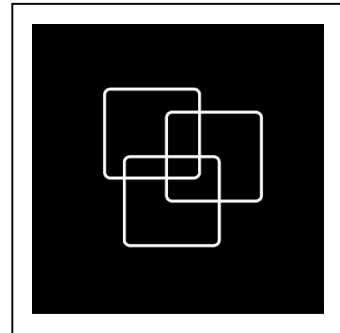

OZZbox3 is a Minimum Viable Product, or (MVP), which means its base form evolves according to the plans shaped by souls shaping their future with OZZbox3.

The build out of OZZbox3 features a tailor made combination of stories, web sites, and systems, each bringing accelerating benefit to Executive as each develops.

Three core OZZ products are tailored to Executive's strategic plan to enable Executive to access value from the OZZbox3 system at OZZbox3.com:

1. Mission Go – a unique combination of virtual and face-to-face events designed to enhance systems to build success. Client resources required for delivery.
2. Mission Maps – a unique proprietary process that adapts Executive's strategic plan into pre-determined episodes of the Mission Brief series released over time
3. Mission Briefs – a fiction series about a City of London bank executive on a mission to shape the future us, both inside and outside the boardroom
