Strategic Plan

Our strategic plan is our mission, vision and goals.

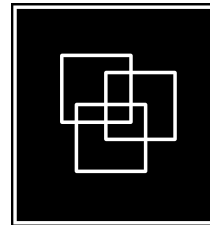

Our mission is to build the greatest bank in the world on the fiction portal. Our vision is to really build it with everyone. Everyone begins with free fiction we release over time to move fiction forward.

The Creative Time Machine

OZZbox3.com is a fiction portal built to build the greatest bank in the world. It's how we leverage the power of fiction to dream big and achieve it. Think of OZZbox3.com as a time machine that enables everyone to find the controls and the buttons to move fiction forward. Think of fiction as the fuel that transports everyone from the life we live into a fiction that magically moves past what holds everyone back. Think of the choices everyone makes and the journey everyone takes to really make it real.

Think about everyone succeeding because we all move fiction forward.

The Greatest Bank In The World Forms On Three Sites

Site-1-OZZfiles.com - Fiction Money

Fiction money is money made from a printing company controlled covertly by a small group of rogue bank shareholders. Fiction money is as real as we make it to be, mostly because we need it to succeed. Fiction money is not backed by truth, which opens the door to dark energies. Fiction money is replaced by true money because we build the greatest bank in the world.

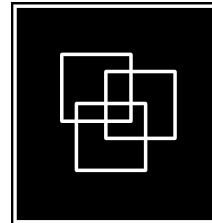

Site-2-TheirMedia.com - Fiction Intelligence

Fiction intelligence is information manufactured by rogue shareholders to advance their interest in fiction money. Fiction intelligence is created and distributed in the City of London Square Mile to agents controlling entertainment, social, and news media. Fiction intelligence is not backed by truth, which opens the door to dark energies. Fiction is replaced by true intelligence because we build the greatest bank in the world.

Site-3-OZZmediaCorp.com - Fiction Spirit

Fiction spirit is spirit shaped by rogue shareholders to advance their interest in fiction money and intelligence. Fiction spirit is created and distributed in the City of London Square Mile to agents controlling spirit. Fiction spirit is not backed by truth, which opens the door to dark energies that worship darkness. Fiction spirit will be replaced by true spirit, because people build the greatest bank in the world.

Future Movies integrate the CEO's strategic plan into our story in conjunction with outreach activities that merge perspectives from inside and outside the boardroom. The CEO's mission, vision and goals are adapted into tailor-made film and music created as our story develops.

OZZ Registry Bridges The Inside With The Outside

Minimum Viable Product (MVP)

OZZbox3.com is a minimum viable product, or MVP, which means people shape what it becomes after becoming part of a fiction that respects both sides.
